VOLUME LVII — UKIAH CITY, MENDOCINO CO., CAL., MAR. 26, 1926 — NUMBER 26

NOTES FROM THE OFFICE OF THE COUNTY CLERK

Business took something of a slump in the county clerk's office this week as regards the filing of new cases, but four being placed on the docket.

Through the same attorneys, Eva L. Prather has filed a compiaint against W. F. Ornbaun as administrator, seeking to quiet title to four lots in the city of Ukiah.

Through M. H. Iversen, Ruby Josephson has filed a complaint in divorce against Werner Josephson, alleging cruelty. There is one child. The couple was married in Ukiah, April 28, 1924, and separated March 10, 1926.

MRS. J. E. MOORE MOVES

Mrs. Raymond Babcock and mother, Mrs. J. E. Moore, motored to this place from Willits the latter part of last week. The former is the daughter and the latter the widow of the late J. E. Moore, for many years pastor of the Methodist church, South, of this city, and one of Ukiah's most beloved pastors. Mrs. Moore is looking extremely well and enjoying the best of health, news of which will be received with much pleasure by her many friends in Ukiah.

MADE WILLITS DANCE A HUGE SUCCESS

The dance at Willits last Saturday night, for which the music was furnished by the Blue Lakes orchestra of this city, was a huge success, according to report, and the orchestra contributed in no small measure to the success of the dance.

The orchestra will resume its series of dances at the Grange hall in Redwood valley tomorrow night and a good time is guaranteed. This occasion will be a big novelty ball. A supper will be served at midnight.

HORNBROOK CONTEST ENDS NEXT WEDNESDAY

The guessing contest recently inaugurated by N. A. Hornbrook will end next Wednesday. A large number of guesses have been turned in.

The prizes are well worth while, so, if you have not turned in your guess yet, be sure and do so Before next Wednesday.

STEVE SHORES DIES

Steve Shores, an oldtime resident of this place, passed away yesterday. He was well known to the most of the older residents of the town. He was a teamster and stage driver in the early days.

PROHIBITION AGENTS MAKE BIG CAPTURE

Prohibition Euforcement Agents Weger, Weselsky and McCabe on last Friday made one of the biggest hauls yet recorded in this county, when they visited the ranch of E. Rebopparo on Pine Mountain, in the southeastern corner of the county. They found on the premises 1,700 gallons of mash, some wine and some jackass.

Rebopparo was brought to Hopland and taken before Judge Clendenin, who fined him $500 for possession.

The officers did not find the still but found the place where it had been placed. They state that it is Rebopparo's custom to haul the still back and forth between his ranch on Pine mountain and another ranch he owns in Sonoma county, and that the still was probably at the Sonoma county ranch when they made the raid.

YATES INSTALLS LATE SERVICE EQUIPMENT

F. A. Yates, proprietor of the Scales service station on north State street, has recently installed two new machines at his place calculated to greatly improve his service in washing and greasing cars.

One is an electric lift, which does away with the motorist's being forced to climb a cumbersome platform with the chance of running his wheels over the edge and wrecking his car. He drives in on the level floor over the hoist. An electric motor then furnishes the power to lift the car three or four feet above the floor, making it easy of access in all parts.

The other machine is a washer. A gas flame heats the water, and there are two tanks, one containing a soap solution and the other distillate. Both tanks feed into the nozzle, enabling the operator to use soap or distillate or both. The water is discharged under high pressure and all grease and dirt are cut from the car, leaving a clean surface.

The improvements make Mr. Yates's station the best equipped of its kind north of the Bay.

WRITES FROM TEXAS

A nephew of Miss Clara Rowe of this city, writing her from San Antonio, Texas, states that there are upwards of 50,000 cases of influenza there and that, while the disease is not so fatal as in 1918, nevertheless many die from pneumonia following the influenza. He also speaks of a wave of warm weather several weeks ago, similar to the one we are experiencing now, which brought the rattlesnakes out of their hibernation several months earlier than usual.

CITY VACANCY

Elmer Albertson was unanimously elected by the board of directors of the chamber of commerce to fill the vacancy created by the departure of Robert Austin from Ukiah. Mr. Albertson will take his place of the board Monday evening.

BIG SUMMER PLAYGROUND TO BE PUT ON MARKET

T. S. Gallagher and L. F. Falkenstein, two gentlemen of Oakland, this week closed a deal whereby they are purchasing the James S. Severance property, east of Jackson valley this county. The tract consists of 2640 acres of fine timber land, well watered, which the purchasers will convert into a magnificent summer playground, subdiving and selling it off in lots for summer homes and campsites. The project will be known as the Redwood Highway Park. County Surveyor Smith is at work at the present time laying off the subdivision and surveying roads all through it. It is the intention of Messrs. Gallagher and Falkenstein to make the park one of the most beautiful in northern California.

While the price was not learned it is understood to have been in the neighborhood of $40,000.

The deal was consummated through the agency of C. C. Waldteufel, well known local realtor.

Membership in the club entitles the member to 10 percent discount on tires, tubes, grease, oil and all repairing and auto supplies and a one-cent per gallon rebate on gasoline. The club also furnishes free towing service, free legal advice, etc.

RUPE APPOINTED SUPERVISOR

J. M. Rupe, of Willits, was appointed supervisor of the third district the latter part of last week by Governor Richardson, to take the office made vacant by the death of A. J. Fairbanks.

Last Sunday evening our auditorium was well filled. Let's fill it full next Sunday evening. You will like the singing. You will like the sermon. Come and see.

FEDERAL COURT CASES HOLD UP TO AVERAGE

Sheriff Byrnes and members of the dry squad returned the latter part of last week from Sacramento, whither they were called in connection with the trial of a number of cases from this county. We understand there were ten cases in all. Antone Gelondese, H. Gardini, George Beck and Antone Ghiossi plead guilty and were fined. Pete Beretini and Charles Dahl were acquitted, whereupon the U. S. district attorney stated that he did not believe that any convictions could be had with that particular jury on possession charges, and, as there was no evidence of sales on which to prosecute, he dismissed the cases against George Clark, Mary Lucchessi and John Lucchesi.

The Ferrera case was not turned in.

BORROWED LICENSE LANDS MAN IN JAIL

Capt. Ryder of the traffic squad executed a very clever piece of detective work yesterday whereby he landed A. McWhinney in jail on a charge of operating a car without a license.

A friend of McWhinney named E. Allen, who also owns a car, had been lending his license plates to McWhinney when he was not using them himself. Ryder noticed the same plates on the two different cars and finally stopped McWhinney and asked him for his white slip. McWhinney was unable to produce it, whereupon the officer took him before Judge Busch, who fined him $10 and also collected the license and the $3.00 penalty.

AN ANCIENT RELIC

Miss Clara Rowe has brought to the Dispatch office a copy of the Daily Democrat, of Marysville, California, printed on September 29, 1858. The paper contains a full account of a big celebration held at Marysville the previous Monday to commemorate the laying of the Atlantic cable. Hon. E. D. Wheeler was the orator of the day.

The paper was what is known to the printing fraternity as a "blanket sheet," consisting of a single sheet of paper printed on both sides.

LUCAS ACQUITTED ON CHARGE OF GAMBLING

A. J. Lucas was acquitted by a jury in the justice court last Wednesday evening, the jury standing 11 to 1.

Lucas, a dry agent, was arrested by Sheriff Byrnes and several deputies when they raided a craps game at Fort Fragg several weeks ago. Lucas was charged with conducting a percentage game, which is against the law. While the game was conducted behind barred doors in the rear of a small business place adjoining the Windsor hotel, the testimony cast a doubt into the minds of the jurymen as to whether the game was a percentage game or not within the meaning of the law.

Lucas being an employee of the district attorney's office, District Attorney Hurley engaged Charles Kasch as special prosecutor to handle the case for him. The defense was conducted by Attorneys J. A. Pettis, of Fort Bragg, and Irving M. Brazier, of this city.

GUSTAFSON SELLS OUT; R. MYERS BUYS LEASE

A. E. Gustafson, who has been engaged in the gents' furnishing business here for several years, has decided to sell out his stock and quit business. He has sold his lease on his store building to Roy Myers, well known local restaurant man, and Myers will take possession of the building at the conclusion of Gustafson's sale and establish a fine, up-to-date restaurant.

This will give Myers two restaurants, one on Standley and the other on State street.

Gustafson's sale, particulars of which are contained in his ad elsewhere in this issue of the Dispatch, is providing a splendid opportunity for bargains in gents' furnishings, as the stock is all snappy, up-to-date merchandise, with no shopworn leftovers. The prices are a veritable slaughter.

NEW MANAGER HERE

The C. Hofman Co. has obtained the services of Hugh Bowen as manager of their dry goods department, and Mr. Bowen and family arrived this week and have taken up their residence in the former E. B. Sanford home.

Mr. and Mrs. Bowen and their children will be welcomed warmly to Ukiah and to participation in the civic and social life of the town.

Mr. Bowen is an experienced man in his line and has held some very responsible positions in the Bay cities.

FORMER RESIDENTS HERE

Mr. and Mrs. Arch McGimsey and Grant Bechtel and son, Albert, motored up from the Bay section the latter part of last week for a few days' visit here. Mr. McGimsey is Ford dealer in Martinez and Mr. Bechtel is in the decorating business in Berkeley. All are well known former residents of this city and their many friends were glad to greet them once more.

SELF-INFLICTED WOUND CAUSES MATRON'S DEATH

After lingering for about forty-eight hours, Mrs. C. H. Doolittle passed away at the family home north of this city last Tuesday morning, death resulting from a revolver wound self-inflicted with suicidal intent. Sunday while the woman was suffering from a temporary fit of despondency, she placed the revolver to her side and pulled the trigger. The bullet missed her heart, but pierced her stomach and passed entirely through her body. Death was caused by peritonitis.

In view of the many rumors going about, Dr. Van Allen, the attending physician, states that there was no attempt made by Mrs. Doolittle, either before or after, to take poison.

The remains were shipped to San Francisco for cremation.

On top of this blow Mr. Doolittle received word Monday that his only living relative, a brother, had died in New York.

BOOTLEG FINES CLIMBING

Sheriff Byrnes and the dry squad are still doing good work in their efforts to keep bootlegging to a minimum in this county. Fines since the first of the year collected and turned into the county treasury by reason of their activities total now $4625. The county has not been put to any expense for trials practically, as the defendants almost invariably plead guilty.

Traveling men say that Mendocino county is the dryest in the state, and, that notwithstanding the large quantities of wine made here, it is almost impossible to purchase any, while strong liquor that is fit to drink is almost impossible to obtain.

TO PATROL STREETS NEAR GRAMMAR SCHOOL

Cooperating with Marshal Cleland members of the boy scouts will police the streets leading to the grammar school at hours when the children are passing to and fro. Permission that this work be taken up by the scouts was granted by the city trustees at the last meeting. Scout Roy Gilmore will be captain of the scouts from the various troops who will be on duty at the above crossings. Their duties will not begin until after Easter.

GIVEN BIRTHDAY PARTY

Mrs. Dick Strider, who has been confined to her home by illness for the past year, was complimented by a birthday party given in her honor last Monday. Some thirty-six friends and neighbors dropped in for the afternoon. The party was arranged by Mrs. Martha Glazier.

Among the guests were Rev. and Mrs. Dosk and Rev. and Mrs. L. C. Beasley.

MONTGOMERY FREED

The case of the People vs. Montgomery, accused of cattle stealing, came before Judge Busch for preliminary hearing yesterday. At the end of the hearing Montgomery was turned loose, District Attorney Hurley not deeming the evidence sufficiently strong to warrant a trial.

There are 4,000,000 children roaming in packs in Russia, ranging from six to sixteen years of age and rapidly transforming themselves into the greatest group of criminals the world has ever known. They haven't gotten beyond the border yet, but eventually they will be scattered to the four winds. Red Russia cannot deal with the problem. It is impossible to estimate what the consequences will be to the civilized world. In the final reckoning up, the Soviet government will have much to answer for.

The cemetery work is going on and Senator Handy says it will continue until the funds are exhausted. I went out there yesterday and was genuinely surprised. Memorial Day will see it a really beautiful place. Take a run out there some evening and see for yourself what is being done. The community made up its mind that the old conditions should continue no longer, and when this community determines to do a thing, it is done.

I noticed in the paper that Mrs. Cleland was looking for a home for two boys. I then took some time to enquire about the work Mrs. Cleland is doing. It really is wonderful. She has a way of reaching into every part of the county, searching out the places where kindness, suggestion or assistance is needed and at the same time seeing to it that the county is not imposed upon. Through her efforts a little of God's sunshine has been brought into many a home or into the life of a little one. In our busy, every day lives we frequently are out of touch with those less fortunate. Take the matter that brought her work to my attention, two little boys without a home and the county through a kindly woman searching a home for them,—does it not make us feel better to know that this work is being done?

Why is it that people keep wondering who is writing this column? As I said in the beginning of it, what difference does it make who says the things that are put down here? If my ideas are sound, they are not a whit better because of the person thinking them, and if they are not sound, why that should be the end of it. All of us are apt to think too much in personalities. It is far better to let everything stand or fall on merit alone.

When I was a child, I remember reading this statement, "It is a ten thousand dollar a year job, but a five thousand dollar a year man cannot fill it." The loudest objections about the public service are the public citizens themselves. However, a second rate man cannot do a first rate job, and these days you cannot keep a first class man on a second or third class salary.

There have been numberless charges made against parents, and whatever truth there may be in most of them, the teachers have discovered that parents are still interested in the welfare of their children.

Addison says that books are the legacies that a great genius leaves to mankind, which are delivered down from generation to generation, as presents to the posterity of those who are yet unborn. How true that statement is! Are you getting the benefit of those legacies and are you enjoying them to your full capacity?

More and more we will have to come back to the old idea that morality implies a choice between good and evil, the play of free-will. A person is good because he is able to distinguish between good and evil and chooses to refrain from evil. I cannot be very sympathetic toward the modern philosophy or psychology which has deserted the doctrine of free will for that of the scientific determinism of individual destiny.

Public Welfare Commissioner Cofer, of New York, says that over $500,000,000 is swindled annually throughout the United States by bogus charity workers. I am not at all surprised. The war is over and "slackers" should be over, too. The world is full of persons who want to spend your money, and, incidentally, be paid for spending it. If you earn a dollar, it should be your right and privilege to spend it. The best way to stop slackers is to refuse to be drawn.

If you want to find a fellow to die by with, I would recommend a man who likes to fish or one who smokes a pipe. There are a number of reasons for the recommendation, so many that by common consent fishermen and pipe smokers have a dead-start.

Everyone with children should be interested in a swimming pool on the river. The committee looking into it consists of Jack Smith, Willis Prather, Tom Maguire, Bill Bond and Bert Thornton. If you have any ideas, give them to the committee. We need a swimming pool, so let's help the committee and get one for the summer.

If you want people to trade at home, then keep at home the things people want to buy. Of course, the merchant cannot keep everything, but perhaps the selection can be enlarged. It is poor business to let people get in the habit of buying elsewhere. Like all other habits, it is hard to break. I don't chide people for trading elsewhere, neither do I accuse them of lack of loyalty, for after all, if Ukiah people trade in San Francisco, or Santa Rosa, you will find Lakeport and Upper Lake and Potter valley people and people from other places trading in Ukiah. Like taxes, the trading away from home problem is difficult of solution.

The candidates are beginning to wait on us. How similar their chatter is! What is the poor voter to do? The "ins" want to stay in and the "outs" want to get in. In my humble opinion, it does not make a whale of a difference who is elected, things will go on in about the same way.

I would like to get the truth about the high school. A committee, appointed by the trustees, took two months to make an investigation and then made a report. Evidently, the principal of the high school does not agree. I would like to see the report given to the papers so that we all might know what the committee told the trustees. We are all interested in the schools.

What brings prosperity to a community? If Ukiah desires greater prosperity for itself what is the first thing it should do? Everyone who reads this question may have a different answer. My answer is this—build good roads in every direction. I know of nothing that brings prosperity quicker than good roads. The Redwood Highway means much to Ukiah. A good road to Boonville will bring thousands of dollars more to our merchants. Good roads, more roads in every direction bring more business and more business means greater prosperity.

"Two incomes are better than one." I read that statement in an advertisement of The National City Company. It is sound advice. Every man should have a reserve fund to which he constantly adds and this reserve fund should give the second income. True, it will be small at first, but it will gradually grow until ultimately, when your active earning days are over, it will be your main support. And how shall you go about betting this second income? The means are at hand right here in Ukiah,—go to the bank and open an interest bearing account. It will profit almost any person to talk more with his banker.

MORE MILES TO THE GALLON

it takes in all three

What do you want from the gasoline you use? Quick starting? Power? Mileage?

If your wants are the same as those of 999 out of every 1000 motorists, your answer will be: "a combination of the three without the sacrifice of any one."

That's the Associated formula: a perfect *coordination* of these three results—due to a correct and distinctive chain of boiling points. Associated Gasoline is always associated with "more miles to the gallon."

ANGLERS PLAN POND TO REAR TROUT FRY

150,000 Small Fish to Be Guarded in Pond Until Matured

(Santa Rosa Press Democrat)

When 150,000 German brown trout are introduced into the Russian river soon, members of the Sonoma County Sportsmen's Club will take no chances of having the small fry gobbled by the voracious non-game fish now in the river, but will place them in a rearing pond where they can be cared for until they grow large enough to take care of themselves, it was announced yesterday by members of the club. The pond to be placed in the river will be one of 15 to be established throughout the state by the State Fish and Game Commission and various public organizations in fish-planting operations.

Sonoma county sportsmen, it is explained, do not wish to see their efforts to make the Russian river a dependable sport-angling stream go for naught. If the trout fry, as they come from the hatchery barely an inch long, were released immediately into the river the biggest proportion would soon be eaten by black bass, "hard-mouth," and other fish now plentiful in the river. They will therefore be put into the rearing pond, to be located at some point in the lower river, until they are three and one-half to five inches long, and their chances of survival proportionately increased.

BROWN TROUT READY

Once established, the fish are expected to flourish, for the brown trout is the hardiest fresh-water game fish known and is especially fitted to thrive under conditions such as obtain in the river. Sportsmen of the county are to meet in Healdsburg March 30 with representatives of the various chambers of commerce along the river to make final plans for planting of the trout.

Other rearing ponds to be established in the game commission program, which is to provide for care of 2,700,000 small fish, will be built on Kelsey creek, Lake county, and at Fort Seward, Humboldt county.

TO PLAY AT AUDITORIUM

Under the auspices of the Christian church, the Wright California Players will give two plays on Bible subjects at the school auditorium Saturday and Sunday evenings, Apr. 3 and 4.

Social Affairs

A custom which should prove very popular in warm weather was instituted Tuesday by Mrs. E. B. Gibson when she invited guests to her home at 10:30 in the morning asking them to play bridge and enjoy luncheon. The party was arranged in honor of Mrs. Frank B. Stephens of Salt Lake City, who has been a guest in this city. Mrs. Gibson had four tables for bridge followed by an elaborate luncheon. Miss Pearl Taylor held high score in the bridge game and the hostess had a guest prize for Mrs. Stephens.

Seated at the large round table in the spacious dining room of the Gimson home were Mrs. Frank B. Stephens, Mrs. E. W. Stephens, Mrs. Orval Tadlock, Mrs. Alex Thomas, Mrs. Donald R. Smith, Mrs. Louis Hildreth, Mrs. Frank Cunningham, Mrs. H. L. Preston, Mrs. Louis Hofman, Mrs. Elmer Albertson, Mrs. Hazel Holliday, Mrs. Frank Barker, Mrs. A. F. Moulton, Miss Pearl Taylor, Mrs. R. O. Le Baron, Mrs. Herschel Cleland, Mrs. Mary Ruddock.

The setting of the luncheon table was very beautiful. In the center was a long, low, art basket filled with the choicest of spring flowers Forming a large circle around the basket, alternated gold glass baskets and dainty vases filled with brilliant hued poppies. Between the poppies and the center of the table were dolls dressed as men and women in yellow costumes. These were posed as dancers from the Egyptian, through the classic Grecian postures, the stately minuet and the very recent Charleston. Nut baskets, place cards and favors all carried out the color scheme and the idea of spring. Service plates of green added a contrasting note.

BIRTHDAY TREATS

Classmates and chums were dinner guests at a beautifully arranged dinner party in honor of the birthday of Miss Pauline La Porte. The dinner was served at the Frank La Porte home and was charming in every appointment. Miss Pauline's birthday guests Wednesday evening were Irene Merk, Norma Thurston, Conchita Perelli-Minetti, Helen Kinney, Virginia Holliday, Frances Moulton, La Belle Scott, Katherine Cunningham.

Yellow predominates in the color scheme of the Easter parties. In the center of the dinner table was the birthday cake with its yellow candles. Banked around it were rose buds, tulips, and other flowers formed of crepe paper. Yellow ribbons extended from the flowers to the plates of the guests and in each blossom was hidden a quaint favor. Following dinner Miss Pauline entertained her guests at the State theatre. Miss Pauline La Porte is the youngest daughter of Mr. and Mrs. Frank La Porte and a sister of Mrs. Hazel Holliday and Mrs. Ernest Ruddick.

As a birthday treat Mrs. Hazel Holliday will escort her sister to San Francisco for a week end visit. The anticipation of seeing "Rose Marie" is not the least of the pleasures in store in connection with the trip.

Mrs. Smith entertained four tables at bridge in compliment to Mrs. Stephens. The guests were Mrs. Frank B. Stephens, Mrs. E. W. Stephens, Mrs. Hale McCowen, Jr., Mrs. Orval Tadlock, Mrs. Alex Thomas, Mrs. E. B. Gibson, Mrs. Louis Hildreth, Mrs. Frank Cunningham, Mrs. H. L. SPARKS AMONG THE CINDERS

(By CLAIR ELLEDGE)

Coach Sandrock's hopes for the track and field championship of the N. W. L. this year went galloping skyward Wednesday afternoon when his Wildcat cinder-pounders tangled in a strenuous interclass meet at the high school oval. This was the official opening of a local track season that promises to outshine even the old days of the S. M. A. A. L. and the general form displayed by his cinder-splashers, timber-toppers, ozone-spreaders, and whales dispersed much of that doubtful feelin that had assailed Coach Sandrock earlier in the season. He now has a good line on his crew and finds that he has but one or two weaknesses to overcome before he shall be able to put an exceptionally well-balanced organization on the field. Naturally, he's pointing toward the big N. W. L. meet that will be held in Ukiah on April 17 and at which all the Lake and Mendocino county schools; Geyserville, and Cloverdale will be represented, but the Wildcats' schedule also includes a number of dual meets that he's hoping to annex.

In Wednesday's tete-a-tete, the seniors upheld their lofty dignity by a decisive and goodly margin. They ran up 73 points while the ambitious Juniors were tallying 50 markers. The lowly Frosh came in a distant third with 19 points but they were more than satisfied because they topped the brutal Sophs, who could garner but 12 of them there things. Weselsky was high point man for the fourth year bunch. He accounted for 16¼ points by copping firsts in his three events and running the anchor furlong for the winning Senior relay team. Cyril Vassar dumped 12¼ points into the Senior sock with a first, two seconds, and a relay half-lap. Adams rang up 11¼, taking a first, second and third place and doing his stuff in the relay. Mario Minetti was the leading point grabber for the Juniors. One first, two seconds and a relay lap accounted for his 11¾ points. Ed Fraser, the Wildcat Nurmi, contributed 10 points by his wins in the 880 and mile.

A few of the performances deserve special attention. The work of Weselsky was particularly interesting. His time of 17 3-5 seconds in the high sticks was very good and in a couple of more weeks he'll be clicking them off a second faster. His leap of 19 feet 6 inches was also surprising and when he becomes more consistent in the broad jump he'll be a sure-fire point-scorer in any meet. In the shot he surpassed everyone, including himself, by dropping the iron pellet out nearly 42 feet. He'll be touching over 43 before long.

Brown is going to be a sensation in the high jumping event this year. He cleared 5 feet 6 inches with ease Wednesday and has hit 5 feet 9 in practise. He uses the old scissors style but has a tremendous spring in his tootsies. Put a pair of spikes on him instead of tennis shoes and he'll be easing over 5 feet 10 inches in no time. That's getting up into rare atmosphere in any man's pit.

"Bun" Hoenig was another lad showing mid-season form. He romped over the low barriers in 29 seconds in spite of a stiff knee. If he don't bring it down to 27 2-5 at least in the dual meet with Healdsburg a week from Saturday, I miss my guess.

Adams and Cyril Vassar look to be the mainstays in the sprinting department. The former picked 'em up and set 'em down in the century at a 10 4-5 clip, with Vassar right at his heels. In the furlong Vassar turned the tables by leading Adams to the tape in the equally sudden time of 24 4-5 seconds. It was Vassar's first day on the track so we can expect nothing but improvement from him in the future.

Minetti's heave of 133 feet 7 inches marks him as the cream of the Wildcat javelin hurlers. He's done 140 in practise and should touch 150 before the season ends.

Coach Sandrock thought he didn't have a pole vaulter a few days ago but he changed his mind when both Scholl and Cox cleared 9 feet Wednesday. Scholl is practically a stranger to the big drop but it's a cinch he'll be doing 10 feet if he continues his conscientious training.

Fraser's times in the half and mile were not phenomenal by any means but he wasn't pressed to win either. Under the stress of real competition he can shave several seconds from his time in each event.

The two events in which the Wildcats are poorly prepared are the 440 and the discus. Goudge, a freshman, made a game spurt to beat out Duprey in the quarter last Wednesday but the time was slow and there is a lack of real class in this department. C. Vassar is the best bet for it but if he tackles the two other sprints, his quota is filled. However, he may be shifted from one of the shorter events to the one-lap event. The discus heavers are woefully short and, unless one of them improves immensely, the Greek platter event will swell the point columns of the opposition in future meets.

Local track fans will get their first chance to watch the Wildcats in competition on April 3, a week from tomorrow, when Healdsburg comes up to take them on in a dual affair. Ukiah now has probably the best prep school track and general equipment in the state and deserves all the support that can be given. The 220 yard straightaway has been widened to accomodate a dozen sprinters and eight hurdle courses and the quarter mile track is in fine condition. There's not a monotonous minute in a well-managed track meet so let's be on hand to root for the home boys on every possible occasion.

DOKEY BENEFIT BALL

The Mendocino county Dokey club of El Se Kwoia Temple No. 251, Dramatic Order of Knights of Khorassans, are making preparations for their annual benefit ball to be held at the grammar school auditorium, Saturday night, May 1, for the benefit of the Ukiah municipal band.

The Ukiah municipal band, consisting of 40 pieces, will give a concert at the grammar school auditorium for one hour prior to the dance, and the Ukiah orchestra will furnish the music for the ball, and all who attend will be assured one of the most entertaining and delightful functions ever held at Ukiah.

There will be a real "queen contest" to select a queen of the Dokey ball, which contest will commence within a few days, and continue until the time of the ball. It is expected that Willits, Lakeport, Upper Lake, Hopland, Redwood valley, Potter valley, and other surrounding communities will each have a candidate in this contest, and that lodges and organizations in Ukiah will also have a candidate, and the contest will before May 1, develop into a real "horse race." There will be no handicaps—but it will be a free-for-all race. The Mendocino county Dokey club have selected three beautiful, as well as useful prizes as follows: First prize, white gold watch (Gruen); second prize, string of beautiful La Tausca pearls; third prize, gold pen and pencil set, which will be on exhibition at Joseph's jewelry store in a few days. Every gentleman's ticket will entitle the holder to 100 votes, and every ladies' ticket will entitle the holder to 50 votes, and, as tickets are purchased the coupon thereon should be filled out and cast in the ballot box at the lobby of the Ukiah Chamber of Commerce, where they will be counted and tabulated, with results displayed in the window at the Ukiah Chamber of Commerce.

The Mendocino county Dokey club has pledged itself to raise $500.00 to pay for the band uniforms, and to otherwise aid the municipal band. band. This is an excellent opportunity for all to help our excellent band, and at the same time have a real jolly good time in doing so.

A. L. Wessels, president of the club, or J. H. Kirkpatrick, E. J. Anderson, O. F. Graf, A. L. Tracy, Chas. H. Crawford, and Chas. Todhunter, committeemen, will be glad to give you full information relative to the queen contest, or any other matter pertaining to this ball.

Miss Margaret Smith and Miss Badger are expected from San Francisco tomorrow. They will be guests at the home of County Treasurer and Mrs. Clair Smith. They will spend the Easter vacation here.

REX BEACH FILM OF ALASKAN ERA FULL OF THRILLS

Replete with thrills, beautiful photography and splendid acting by a notable cast of principals, "The Barrier," the Metro-Goldwyn-Mayer photoplay of Rex Beach's novel, closes at the State theatre tonight.

Beach's stirring novel of the Alaskan frontier, where the veneer of civilization dropped from men through their lust for gold, has been transferred to the screen with praiseworthy fidelity by Director George Hill. The work of the director is ably seconded by such popular screen stars as Norman Kerry, Lionel Barrymore, Henry B. Walthall, Marceline Day, Pat Harmon, Bert Woodruff, and others.

POPULAR WESTERN STAR TO BE SEEN IN ANOTHER THRILLER

Two thousand five hundred head of cattle are seen in a wild stampede in "A Six Shootin' Romance" Universal-Blue Streak Western starring Jack Hoxie which comes Saturday to the State theatre. It is a thrilling Western picture story of love and adventure with a splendid group of screen favorites in support of the star. In the cast are Olive Hasbrouck, William A. Steele, Carmen Phillips, Bob McKenzie, Mattie Peters and Virginia Bradford.

SEVEN QUEENS IN COMEDY AT STATE

First National's Robert Kane production, "Bluebeard's Seven Wives," is scheduled to be shown at the State theatre for the first time Sunday. This is something different in the way of feature comedy, it is promised. The principal male role is portrayed by Ben Lyon.

Playing opposite Lyon are seven of the screen's fairest leading women, headed by Blanche Sweet and Lois Wilson and including Dorothy Sebastian, Diana Kane, Katherine Ray, Lucy Fox and Kathleen Martin.

"BLUE BLAZES" FILM MADE FROM POPULAR FICTION NARRATIVE

Motion picture fans of Ukiah will have an opportunity to see the popular western star, Pete Morrison, in one of his most entertaining productions next Monday when "Blue Blazes," the Universal Blue-Streak Western will be shown at the State theatre. "Blue Blazes" was directed by Joseph Franz, and has a large cast supporting the star, including Barbara Starr, Jerome La Gasse, Leon de la Mothe, Dick Loreno, Jr., James Welch, Peggy Blackwood, Joe Bennett and others.

THREE CANINES APPEAR IN "DANCE MADNESS"

While "Dance Madness" is decidedly not a dog picture, the cast contains three canines. One is a tremendous Great Dane, another a tiny Mexican Chihuahua, weighing but four ounces, and another dog of questionable ancestry. These three share acting honors with Conrad Nagel, Claire Windsor, Douglas Gilmore, Hedda Hopper and Mario Carillo in this Merto-Goldwyn-Mayer picture which comes to the State theatre on Wednesday.

'DON Q" FAIRBANKS' GREATEST FILM STUNT

All the Dash and Pep of Earlier Portrayals Plus Artistic Effects

Douglas Fairbanks has never before produced a picture which offered him the latitude and scope of expression that is given in this new United Artists Corporation vehicle. "Don Q, Son of Zorro," scheduled for its initial showing in Ukiah at the State theatre next Thursday.

To begin with, this feature is replete with all the romantic dash and go of earlier productions, coupled with an unusual opportunity for histronic work.

Added to the opportunities for excellent acting are the hair-raising stunts which have always kept Fairbanks fans in a flutter between their seats and the ceiling, theoretically speaking. Doug performs feats in this picture that will seem incredible.

In addition to Miss Astor, the cast will include Lottie Pickford Forrest, Stella de Lanti, Donald Crisp, Jean Hersholt, Al MacQuerrie, Jack McDonald, Charles Stevens, and others.

COAST NOTES

(Mendocino Beacon)

A Wily Coyote

For the first time in some years a coyote has appeared in the Ten Mile section and is making serious inroads on the sheep of Howard Bishop. About a month ago some animal appeared and killed several fat lambs in Mr. Bishop's flock. His identity was not fully established until last Friday when he was seen and a shot fired at him but it went wide of the mark. His killings to that date had amounted to 15 lambs.

Mr. Bishop when he found it was a coyote immediately got in touch with Henry Sutherland at Usal, where he has been employed by Mr. Thomas for some time, and he came down with his pak of dogs that same day. A start was made the following morning (Saturday) and the dogs lined out toward Sherwood and ran the coyote a long way out on a ridge leading to that interior valley, finally losing the track toward noon when it became very warm, at a point called the "Dutchman's Knoll."

Mr. Suhtreland came back with his dogs and put in the next several days hunting for the sheep men of that section, killing several bobcats. Friday morning he was hunting on the Fraser ranch when the Bishops discovered another lamb dead in their flock. It had been killed only a couple of hours. Mr. Sutherland endeavored to get another run on the animal but did not succeed in getting him so far as we have learned.

This particular coyote, apparently an old hand at the game, may be making trips clear across to Sherwood, where he very evidently came from, and attacking flocks there. There has been some trouble with coyotes in Sherwood recently. A state hunter has been working there and he and others will cooperate with the coast men to get this destructive animal. Eight or ten years ago there were several coyotes on this coast at times and killed quite a number of sheep before they were exterminated. There have been some in the Usal section recently but this is the first one to show up this far south.

Has Narrow Escape

That Alf Nicholson is able to hobble around on a crutch this week is due more to good luck than anything else. While working at Northfork last Saturday he had a mighty close call. He was cross-cutting and the chopper above him had felled a tree which slid down the hill and he was right in its track. A quick jump was all that saved him. He rode the tree 25 or 30 feet when it rolled over and crushed his left foot badly. Fortunately, however, he escaped without further injuries, except bruises. Dr. Preston dressed his injuries. He will have to navigate on crutches for a couple of weeks at least.

Log Cars Pile Up

About 7 o'clock Friday morning as the logging train crew were pulling out of Caspar for the woods with a long string of empties, a coupling pin broke, releasing six logging cars at the end of the train and they immediately started back down the grade toward the log dump. They increased their speed as they went and by the time they crashed into the bumper at the end of the track they were going at a very great speed. They were smashed into kindling wood when they piled up. Fortunately no one was hurt in a mishap that appears to have been unavoidable.

Mrs. Brereton Dies

Mrs. George Brereton died recently at her home in Emeryville. Mrs. Brereton and her husband were pioneer residents of the Anderson valley section, formerly residing about one-half mile south of the present town of Wendling. Coast people going to or coming from Cloverdale in the early days made it a point to stop over night or for a meal with these good people who conducted a popular stopping place and were quite well known for their hospitality. They disposed of their land holdings when the first milling operations were begun at Wendling and removed to the bay cities, where they have since lived.

Mrs. Brereton was 91 years of age and a native of Maine.

Dies from Pneumonia

Leonard Crouch, son of Mr. and Mrs. A. L. Crouch, who recently moved to Wendling from this place, died at the home of his parents there Friday morning as the result of double pneumonia. He was ill only about a week, sinking rapidly once the malady took hold of him.

Deceased was 25 years of age and a native of Missouri.

Dies at Greenwood

Evald Dahl, son of Mr. and Mrs. Jonas Dahl of Greenwood, passed away at his home here this (Friday) morning. Deceased had been in poor health for some little time so death was not entirely unexpected. Born twenty-one years ago, he had passed practically all his life here.

A Close Game

What appears to have been a record game of baseball for high school teams was played at Point Arena Friday between Mendocino high school and the high school nine at that place. The game went to 10 innings and was won by Point Arena by a score of 3 to 2.

Young People Married

A pretty home wedding was solemnized at the E. D. Woodworth home in East Mendocino on Saturday evening, March 6, when Miss Helen Hodges of Oakland became the bride of Jack Woodworth of this place.

ANDERSON VALLEY

BOONVILLE, Mar. 23.—The rainstorm reported due last week, passed up the valley with only a sprinkle. We were all set for a long session of rain but, when it failed to come the tractor was tuned up, the team dressed up or, the hoe and rake dragged forth and things once more hummed merrily on.

In spite of the lack of rain range conditions are good, fruit is setting well and heavily, strawberries will soon be ready to eat and, everybody is happy.

The Fourth of July committee is working on a program for a real old-fashioned celebration and boy; they do say that Anderson valley has the best barbecue cooks in the county.

The boy scouts meet regularly every Friday night. Last Friday most of the boys passed the tenderfoot test and all of them are eagerly awaiting their badges.

The Unity club met Saturday afternoon and after the business session, listened to a talk on conservation of the redwoods. The speaker handled his subject very well, bringing to light several good points for every one to think about.

Last Sunday Jack Sweet killed a large panther and a couple of bobcats on the Clow ranch. They say that Jack is "a bear" when it comes to hunting.

A lot of people over here are not good "hands" at "drafting" but, they want to know if Byrnes is going to run for sheriff. One man remarked that the last time Byrnes ran that he got all but four votes in this district. Another man said he didn't think Byrnes would lose that many this time.

Though this valley doesn't boast a boulevard over which a fast mail service might roll, the people here are shrewd observers; they want to know what is going on; they like to read a good, clean newspaper; they want the facts. That is why so many are now reading the Dispatch-Democrat.

ARRESTS INDIAN AS GAME LAW VIOLATOR

Constable J. W. Stuttsman, of Hopland, was a Ukiah visitor on business Wednesday. He arrested Jim Romando, an Indian of Hopland, early in the week on a charge of killing a deer out of season.

IN MEMORIAM

REDWOOD VALLEY, Mar. 24.—All Redwood valley was inexpressably shocked Monday morning when they heard that Mr. E. B. Watson had died very suddenly.

Mr. Watson was apparently in excellent health, getting up early and painting an oil stove before breakfast, then he ate a hearty breakfast and went out to work in his vineyard. About 10 o'clock he remarked to Mr. Hargreaves, who was working in the vineyard, that he seemed to have gas on his stomach. A few minutes later Mr. Hargreaves noticed him sitting by the fence with his back against a post but supposed he was just resting for a few minutes. Mrs. Thompson, a neighbor, came by and spoke to him. He did not respond. She spoke again and still he did not answer. Then she went up to him and shook his arm, discovering he was dead.

Dr. Van Allen was called and after an examination declared death had been caused by the pressure of the gas in the stomach stopping communication between the stomach and heart and stopping the heart instantly. He probably never realized any pain but just sat down to wake up in eternity.

E. B. Watson was born in Illinois 63 years ago. He was raised on a farm in Iowa. He has been engaged nearly all his life in soil survey work for the U. S. government.

Mr. Watson came to Redwood valley some ten years ago and established his home here. He has spent his summers in various parts of the state in soil survey work and his winters at his home here.

He has improved his home until it is one of the most attractive places in the valley.

He has been active in civic and religious affairs. He was a faithful and influencial member of the farm bureau from the date of its organization here, once serving as secretary and also as a director. He was a regular attendant at the Sunday school and the teacher of the Bible class. He was a member of the Presbyterian church in Ukiah.

Though he had no children and was a heavy taxpayer, he was a strong supporter of a union high school and fought with all his energy until a union school with a new school house was a fact.

It was almost entirely through his efforts that the rural route was extended to the Laughlin station.

Mr. Watson was a devoted husband, a kind and considerate relative, and a sincere friend. He was quiet and unassuming in manner, doing many charitable deeds that were unknown save to his relatives or intimate friends.

He studied all questions carefully and then made up his mind what his attitude should be and once having determined the course that was just no power could swerve him from that course.

Mr. Watson was a Christian gentleman, one of nature's noblemen. He lived a clean life in every way. Only those who were intimately acquainted with him fully appreciated his fine qualities of heart and mind.

He will be sadly missed, not only by the sorrowing widow, relatives and friends, but by the entire community. We need men of his stamp. They are the kind of men that have made America great.

The heartfelt sympathy of the community goes out to the bereaved widow and relatives. Words cannot express our sincere sorrow at the great loss they have suffered.

He leaves a precious heritage to them, a spotless name and a life of service to his fellow men. May the memory of his useful career be an inspiration to them in their sorrow. It might well be said of him as Paul of yore said: "I have finished my course, I have fought a good fight," and doubtless the good Lord said, "Well done good and faithful servant."

It seems hard that he had to be snatched away so suddenly. Yet Almighty God in His infinite wisdom knows what is best. If one has to die was it not a beautiful way to be wafted from this life into eternity without an ache or pain?

He leaves to mourn his loss a wife, Mrs. Vera Watson, a mother-in-law, Mrs. M. H. Kistler, a sister-in-law, Miss Leverne Kistler, all of Redwood valley; a sister, Miss Lovira Watson of Portland, Oregon; a cousin, Geo. Lyman, of Vallejo. Mrs. Watson has four cousins here—Erwin Jones of Redwood valley, Bert Humanson of Upper Lake, and the Misses Jennie and Cora Parkhill from Iowa, who are visiting at the present time at the Watson home.

There are other relatives in the east, and a host of friends.

WILLITS NEWS OF THE PAST WEEK

(Willits News)

Safe Broken Open

Tuesday night the Willits Ice and Soda Works place of business was burglarized. Entrance was gained through a window on the north side of the building, which was pried open.

The burglar was after money only, for, after breaking into the safe and taking what cash there was in the box, estimated to be about $20, he departed. There were quite a number of checks on hand but these were not touched.

Opens Mill and Camp

The Northwestern Redwood Company's logging camp at Irmulco opened full blast Monday, March 15, and there are 75 or 80 men now working. The first trainload of logs will leave for the mill at Northwestern next Monday, March 22. It seems mighty fine to see all the activity at Irmulco again.

The Northwestern Redwood Company's mill at Northwestern will start up again on April 1. During the few months the mill has been closed it has been thoroughly overhauled and when it resumes operations it will be better equipped than ever before to get the maximum results from a minimum of effort. For a few days, or until things get to working smoothly, only one side will be operated, but after awhile both sides will be run to capacity. The redwood market is looking up and the management looks forward to a very prosperous year.

Logging camps have been established at both Irmulco and on the Ten Mile, and in a few days trains will start hauling logs to Northwestern.

This is about the best news the people of Willits have had for some time and the business prospects for the coming year look very bright.
